BULLETIN #16

IT'S TIME TO PICK SIDES

- Ballot papers will start arriving from today. To not cast your vote in the ballot is to have no opinion about your future.
- This dispute is, in effect, a referendum on the future direction of the Royal Mail Group whatever your grade, function or business unit. This dispute affects everybody in the CWU.
- The CWU's vision is for a vibrant, modern, multi-product offering Royal Mail which still delivers the nationally-treasured universal service obligation (USO) and provides employment, standard of living and retirement security for its workers.
- Royal Mail's vision is a race to the bottom, cheapest operational model, minimising costs to maximise profits, which will devalue the USO and lead to insecure employment and far less jobs.
- You have the right and the opportunity to cast your vote. Do not waste it!!!

IT'S TIME TO CHOOSE SIDES.
